Family Restoration

Parent or Legal Guardian Consent

I confirm that I have legal authority to consent to the teen's participation and will tell Crowned With Purpose if that authority changes or if another person's permission is required. I give permission for the teen named below to participate in Family Restoration, a Scripture-based Christian family mentoring program that may include prayer, reflection, journaling, and age-appropriate activities.

Supervision and communication

Before sessions begin, I will confirm with Crowned With Purpose how meetings, arrival and pickup, and communication will work. Crowned With Purpose may use the contact channels I approve and will discuss changes with me. I understand the program is educational and spiritual mentoring and does not provide psychotherapy, diagnosis, treatment, or crisis response.

Privacy and safety

I understand that Crowned With Purpose may share general progress and attendance with me. Private conversations and journals are handled with discretion. Information may be shared where required by law or reasonably necessary to respond to a serious safety concern. I can withdraw permission by contacting Crowned With Purpose.
