Identity Coach Training Scope Addendum

Initial curriculum pathway and separate future teaching authorization

This addendum accompanies the Crowned With Purpose Leadership Training Contract identified below. It records the initial Identity Coach pathway and distinguishes it from future Bible study or other teaching pathways. It takes effect only when completed and accepted by the affected parties. It does not represent a current trainee's existing agreement as amended without their acceptance.

_____

Initial Identity Coach pathway

The initial training pathway is designed as 12 weeks with a total training fee of $1,500 in USD. The completed underlying contract and accepted payment schedule govern the fee and due dates. This addendum creates no new fee, second $1,500 charge, automatic debit, or revised balance.

Initial preparation focuses on Identity in Christ, Identity as a Mother, and Identity as a Wife. Training may include preparation, Scripture study, curriculum familiarity, observation or supervised practice, feedback, and competency review as arranged with Reta Wilson. The specific session schedule and requirements are confirmed under the underlying contract.

Training start and anticipated completion dates:

_____

Agreed meeting schedule and format:

_____

Authorization is curriculum specific

Payment, attendance, completion of 12 weeks, or possession of materials does not by itself authorize coaching or teaching. CWP must complete its competency review and issue separate written authorization identifying the curriculum, permitted role, and conditions before the trainee uses that curriculum to coach or teach others.

Separate future pathways

God Sent Her, Bible study facilitation, Parenting Her With Purpose, family restoration, When a Family Needs Healing, retreat teaching, and other CWP programs are not automatically included in the initial teaching authorization. Access or permission for one curriculum does not grant permission for another.

Bible study facilitation may be considered later as a separate pathway with its own preparation, review, and written authorization. This addendum promises no future Bible study authorization or additional program access and states no price for a future pathway.

Boundaries and the existing contract

Any CWP training credential is issued by the ministry. It is not state professional licensure or authority to provide psychotherapy, medical care, legal services, or other regulated professional care. No employment, contractor appointment, compensation, assigned clients, income, or continuing role is guaranteed.

The underlying contract's confidentiality, intellectual-property, limited-use, participant-care, payment, and other terms remain subject to that contract and applicable law. This addendum only clarifies the initial pathway and curriculum-specific authorization; it does not transfer ownership, broaden a license, or change an existing signed agreement without the parties' acceptance. Any later grant should identify its actual scope in writing.

Acknowledgment and signatures

The parties may read both documents, ask questions, seek independent advice, and retain a completed copy. Electronic signing is optional; a paper alternative may be requested. No document is signed by submitting an intake or making a payment.
