Christian mentoring and participation

CWP provides Christ-centered coaching, mentoring, discipleship, and biblical education grounded in Scripture, prayer, reflection, and practical application. This is not psychotherapy, diagnosis, licensed mental health treatment, medical care, substance use treatment, or crisis intervention. Reta Wilson's ongoing counseling education does not represent licensure. Participation does not create a therapist-client relationship or require discontinuing professional care.

Participation is voluntary. You may ask questions, decline to share sensitive information or take part in an activity, request a break, and raise a concern. CWP does not guarantee a spiritual, emotional, relational, health, or financial outcome. Ending participation and the financial terms are separate matters.

Scheduling and payment

Sessions take place only at mutually confirmed times. Notify CWP promptly if you need to cancel or reschedule; replacement dates depend on availability. Before signing, record any cancellation notice period, treatment of missed sessions, or package end date below. An uncompleted field creates no extra charge, automatic forfeiture, or expiration term.

Agreed cancellation rescheduling and missed session terms:

_____

Only the completed written plan is payable. A payment plan divides an agreed total; it does not authorize an automatic debit, subscription, fee, accelerated balance, or a price not stated here. Do not pay a full package total again after making a payment toward it.

Payments toward this agreed plan are nonrefundable for a voluntary change of mind, withdrawal, or a participant's decision not to use the agreed services, except where applicable law requires otherwise. An unpaid agreed balance follows the original written payment schedule unless CWP accepts a written reduction, release, or revised arrangement. This does not limit rights arising from services CWP does not provide, misrepresentation, or other rights that cannot lawfully be waived.

If CWP cancels and cannot provide the agreed service, CWP will offer a mutually agreed replacement or refund the portion paid for services not provided. An alternative service or credit requires the participant's agreement. Mandatory cancellation, refund, dispute, and other legal rights remain protected.

Privacy and communication

CWP uses private intake and session records for providing services, scheduling, necessary administration, payment verification, and legal obligations. Information is not shared with a sponsor, payer, or family member merely because they arrange or pay for sessions. Specific written permission is required for voluntary disclosure of individual session information.

Privacy is subject to disclosures required by law, lawful legal process, required abuse reporting, and disclosures necessary and permitted by law to respond to a serious safety concern. Records are not represented as legally privileged therapy records. Use hello@crownedwithpurpose.co for routine scheduling and concerns; this inbox is not an emergency response service.

Materials and recording

Lawfully supplied participant materials are for the participant's personal use. Ownership remains with CWP or the relevant rights holder. No teaching credential or right to reproduce, sell, distribute, rebrand, or teach protected curriculum is granted. These limits do not claim ownership of Scripture, general ideas, personal experiences, public-domain material, lawful fair use, or rights that cannot lawfully be restricted.

Recording, photography, transcription, publicity, and use of a testimony require separate informed permission. This agreement contains no media release. Minors require a separate appropriate intake, guardian consent, and participation arrangement; this adult form does not provide guardian consent.

Review and signatures

The parties have had an opportunity to read the completed service details, ask questions, and keep a copy. Written changes must be accepted by the affected parties. Electronic signing is optional; contact CWP for a paper alternative. Signers receive or may retain the completed agreement. Signing creates no automatic card charge.
